

Dear Santa my name D'Mario [redacted]
I am twelve years old. I am in
Six grade. The school I go to is [redacted]
[redacted]. I like to listen to music
and play outside. Sometimes when I get bored
I talk to my friends or go to sleep.

The things I want for Christmas is a Nintendo
Switch, Oculus, PS, iPhone 12, and three pairs of
Jordan's. Santa I think I deserve these
things for Christmas because I have
been getting good grades. I have
not been getting in trouble
and what I really want is money.
I will appreciate it a lot Santa.

Santa my favorite subject in school is
Science. My favorite part of the day is
lunch and fifth period. Art class is fun
we got to make our own snack
and paint on a canvas. Sometime
we go outside. Pretty much like school.

Sincerely D'Mario [redacted]
